

EZ PRO[®] Baths *Custom*

Custom Baths - Made Simple.

Over 1000+ Bathrooms...

We FOCUS on doing this one thing well.

Many contractors only do 5 or 6 bathrooms a year.

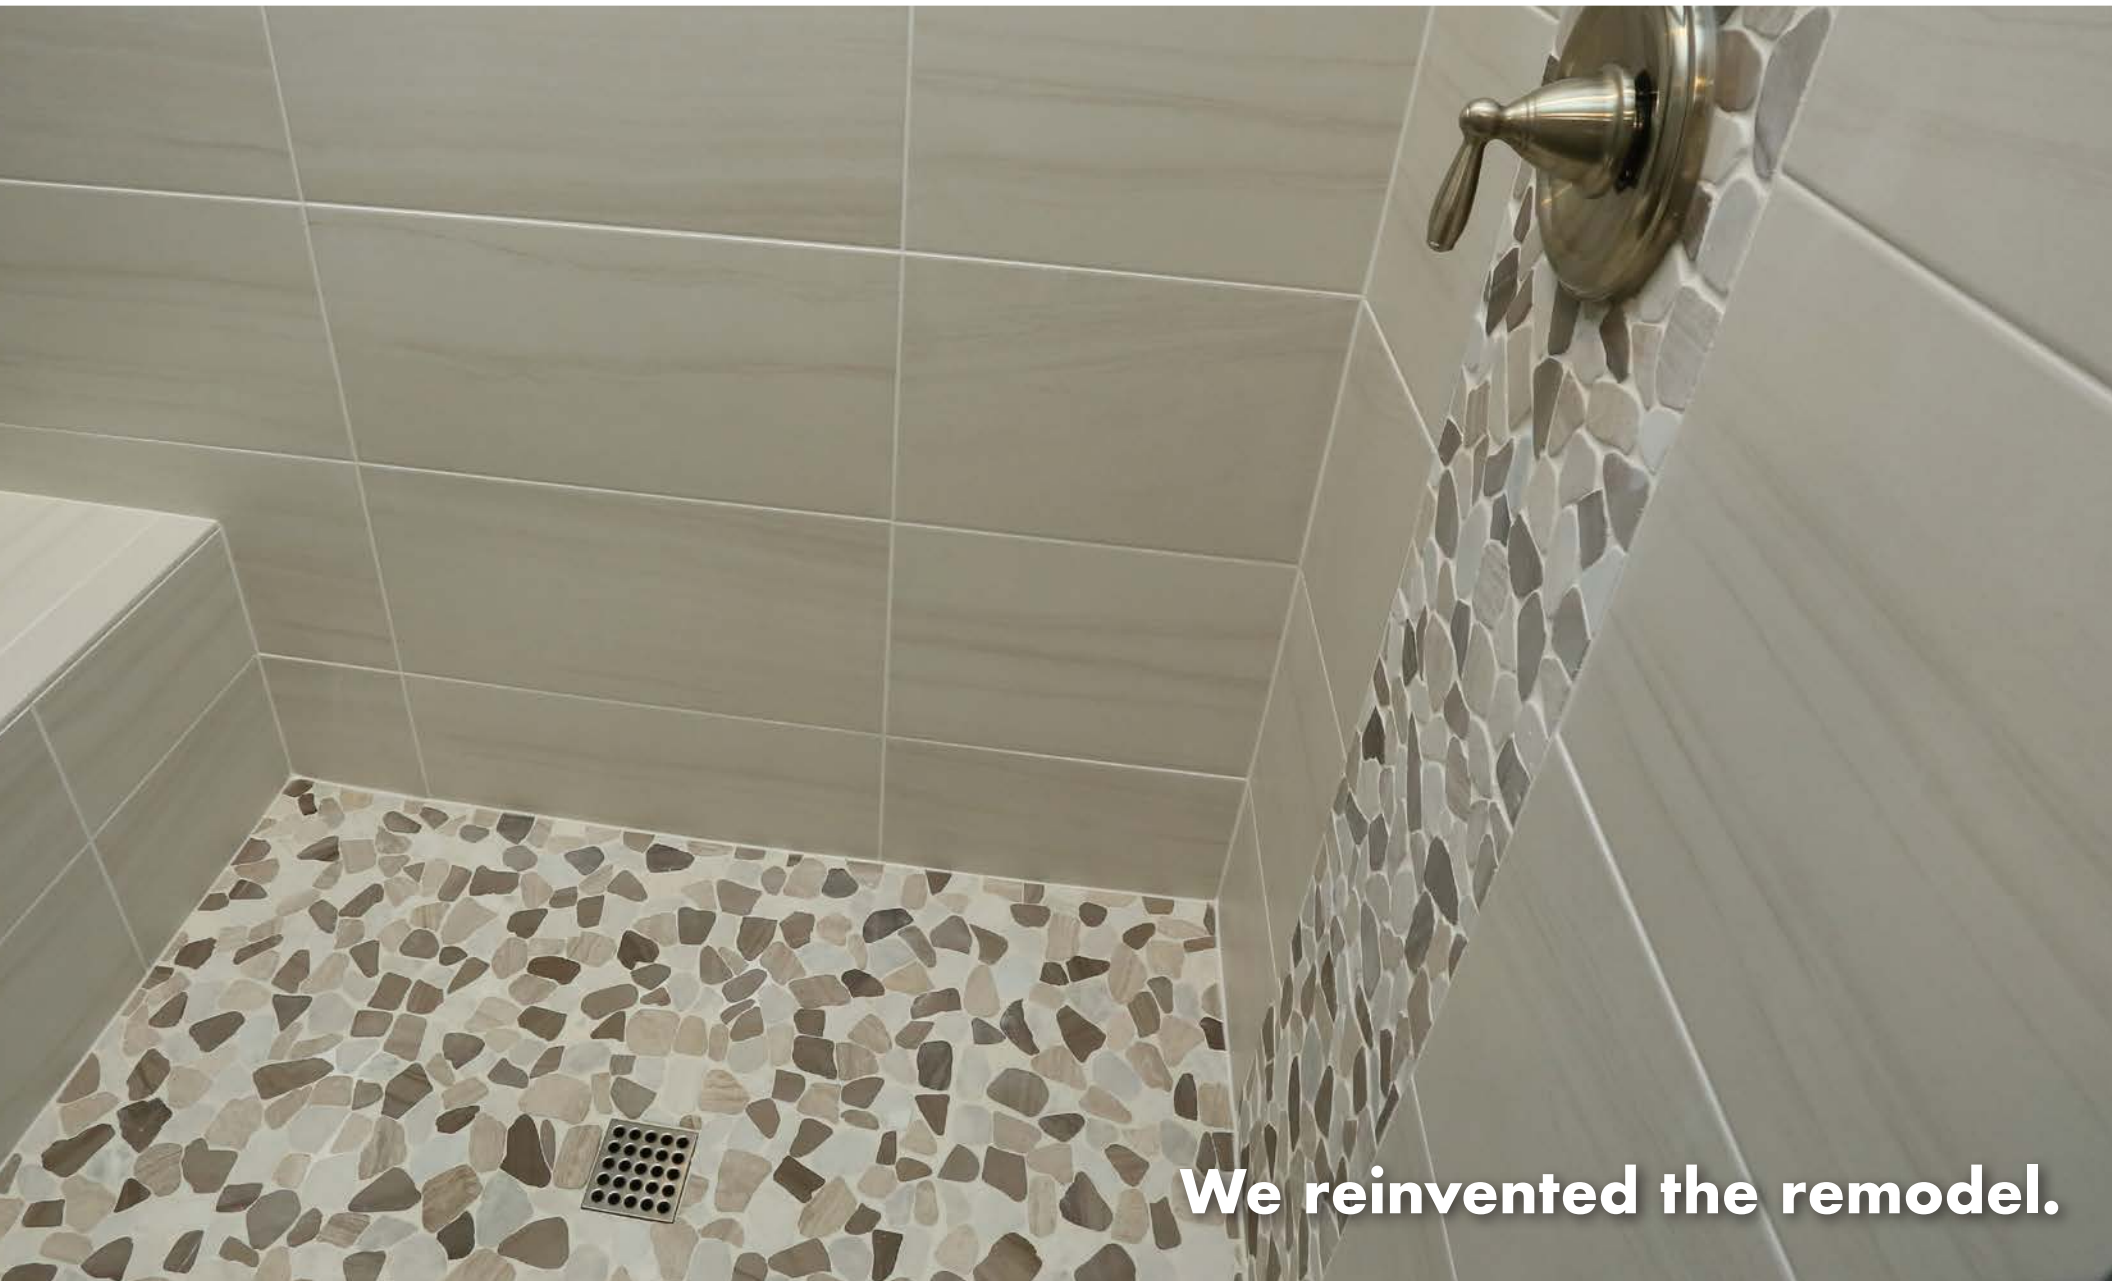

It would take them 100 years to gain the experience and expertise that we have at Ez Pro.

Bathroom Remodels Are ALL We Do!

Rethinking Remodeling

For many homeowners, finding the right company, products and design is complex. We've taken a process fraught with chaos and clutter, and developed systems for a smoother, stress-free experience.

We reinvented the remodel.

Our People Make The Difference

Our Skilled craftsmen are focused on giving you exceptional results. Local & family owned!!

We have been perfecting the bathroom remodel for more than 10 YEARS! Ez Pro Bathrooms are the highest quality - We are proud to offer a LIFETIME warranty!

Peace Of Mind.

What Our Customers Are Saying...

"We were very happy with EZPro Baths. They worked on both our Master and kids' bathrooms, which now look wonderful. They were able to make last minute changes and design corrections so that our bathrooms looked great and functioned well. The design studio and designer that you use at the start of the project were also very useful to quickly narrow down choices and ensure your bathroom will coordinate well. And a 3-D digital tool shows you what your bathroom will look like beforehand. There is an online portal that is used to update you each day on what work will be done the next day, as well as photos of what was done that day. Overall a very good contractor experience."

-Melissa B.

"Our complete master bath remodel came out beautifully. The designer proposed materials and finishes based on our preferences which we adjusted with confidence during a two hour session with 3D renderings and sample materials. Cost and start date were immediately confirmed. Cost was 10% higher than the top of the range initially presented by the salesman, but once set it was a firm fixed price contract. The build went smoothly and workers were great. Communication with the PM was good although the BuilderTrend site was not the one stop information source it was advertised to be. Overall very happy we selected EZPro."

-Sam B.

"Turned our 2 bathrooms into beautiful updated rooms. Complete tear out and re-do. Great design team, and great "organized" team that handles each their own task. PM was very understanding and suggested a few changes that we appreciated. The workers were very polite and tried to keep the work contained as much as possible."

-Tom A.

"EZPro Baths recently completed our master bath remodel. After years of putting it off, the professional team at EZPro made the whole process a breeze from the initial visit with Brian and design plan with Jen, to every step in the renovation. Their subcontractors were highly skilled and the tile work by Walter was exceptional. Our project manager, Jeff, was amazing to work with and was responsive to our questions. He was on top of every detail from demo day to final walk-through. We cannot thank him enough. We are extremely pleased and strongly recommend EZPro Baths."

-Ivy P.

"I'm so pleased we chose EZPro to remodel our bathroom. We started out visiting different bathroom remodeling companies and compared our choices and EZPro came out on top. They were so thorough and helped guide us as we decided on our bathroom design. There are many choices (almost too many choices) when remodeling your bathroom, so we were grateful for their ability to make it easy for us. You can research all you want, but just like we discovered, all roads lead back to EZPro in getting the most quality products and beautifully designed bathroom."

-Samuel G.

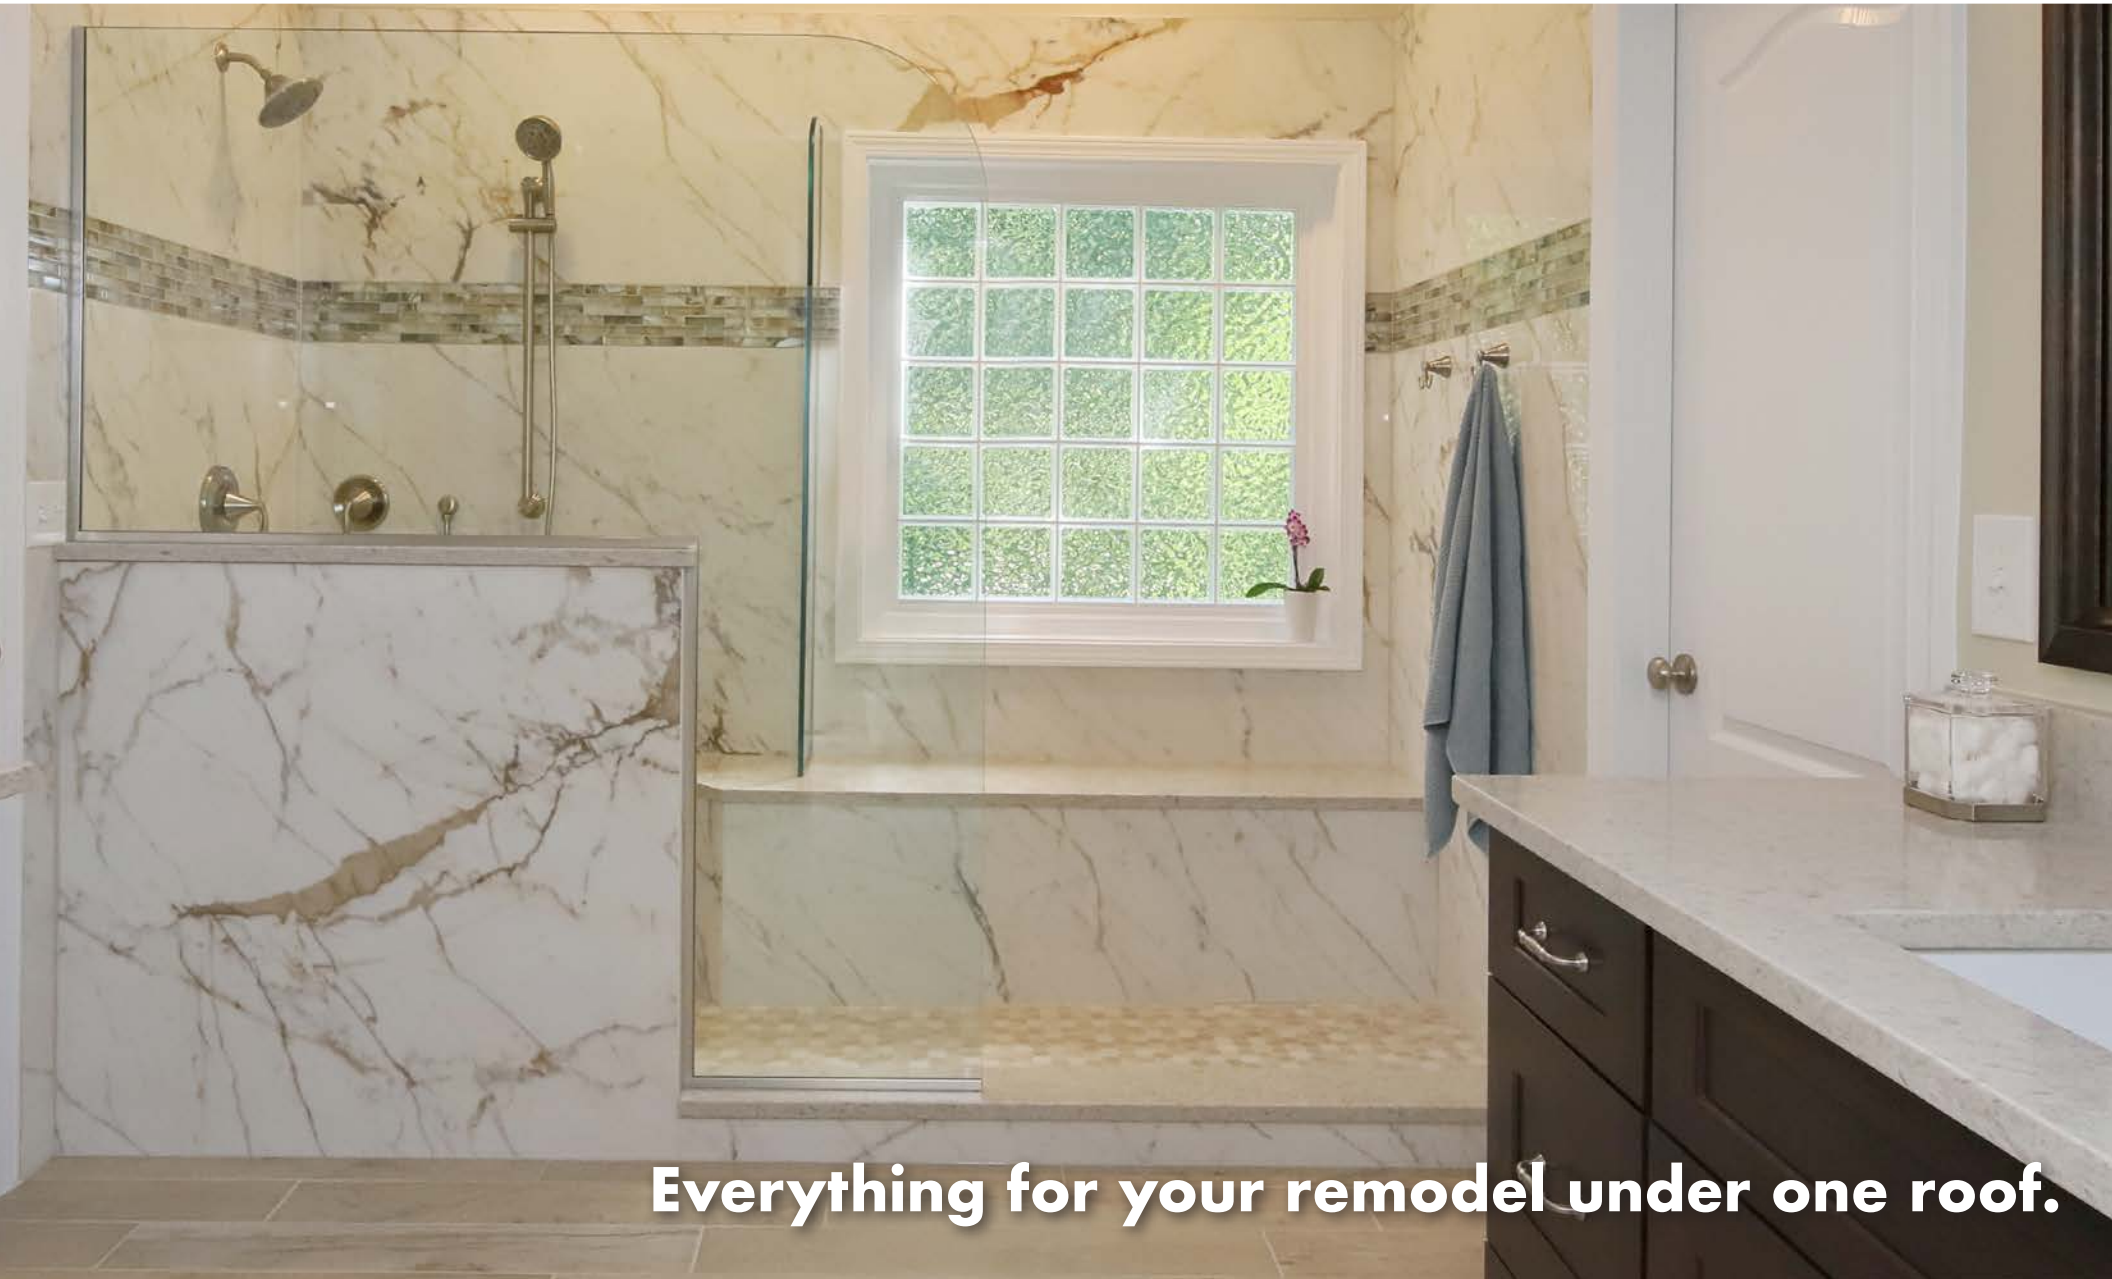

"We needed to get our shower redone in our master due to a bad leak. We had small white tile from the floors to the ceiling that just looked drab and old. At first we thought we'd just replace the shower and flooring but after seeing our design come to life, we wanted it all replaced. We loved the panoramic shower panels they showed us which were full of warm natural colors and a sleek design. They're easier to maintain too. We ended up redoing the shower, floors, vanity, paint and fixtures. We had them take out the garden tub and expand the shower. Now we can sit in our gorgeous shower if we'd like while our waterfall shower head rains down. EZPro turned our bathroom into a spa. It's heavenly."

-Caroline H.

4.8 Out Of 5 Star Online Rating Of Actual Clients

One Stop Shopping Experience
